

● CALLUP

PROGRESS REPORT

Automating bench-sales recruiting

June 2026 / Candidate management complete · in final review

A tool that helps recruiters place benched consultants faster

THE PIPELINE IT IS BUILDING TOWARD

Find jobs

Match
candidates

Generate
tailored docs

Assist
applications

Draft outreach

Built in stages — each stage is fully usable before the next begins.

How we build

Every stage is wired end-to-end and usable in the browser before we move on.

The benefit: real, testable progress at each step — not a big-bang launch.

Each stage cuts through all three layers — fully working before the next.

Where we are

Foundation + full candidate management: **live**

Accounts, companies & teams

- ✓ Secure recruiter sign-in
- ✓ Create a company, invite teammates by link
- ✓ Assign roles — owner, admin, recruiter
- ✓ Permissions enforced — people see only what they should

Candidate management

- ✓ Guided multi-step intake form
- ✓ Auto-saves drafts as you go
- ✓ Track status: bench → interviewing → placed
- ✓ Captures the complete profile
- ✓ Roster with search, filters & status views
- ✓ Reassign candidates between recruiters

Plus a polish pass — clearer edit cues, friendly error pages, tidier UI.

The entire candidate side of Callup is **live**.

What's next

- 1

Candidate documents

Upload & store resumes — the last candidate piece
- 2

Job postings

Manual first, then auto-pull & de-dupe from Dice
- 3

Smart matching

Auto-rank the best candidate-job fits
- 4

Document generation

Tailored resumes & cover letters — truthful only
- 5

Applications & assisted apply

Track & help submit — a human always approves
- 6

Hiring-manager outreach

Drafted emails — sending gated by a safety switch

TIME-SAVINGS BEGIN

Why this order matters

1 Candidates first

Everything downstream depends on this data.

2 Matching is the inflection point

Where Callup starts saving real time — right candidate, right job.

3 A built-in trust guardrail

Generated documents use only verified facts.

Summary & the ask

The groundwork and the full candidate side are **complete and quality-checked**.

Matching

THE ASK

Alignment on priorities, timeline, and resourcing.
